LEVEL 3 · DC · 60KW · 80KW

Level 3 DC Charger (Dual Port)

Two ports, two vehicles, one compact wall-mount charger.

- 60kW / 80kW DC, two ports at once
- 10" touchscreen, RFID and credit card
- OTA updates, ISO 15118

Specifications

Output

Nominal power	60kW / 80kW (30kW / 40kW per port)
Voltage	150–1000V DC
Current	45A / 60A per port
Ports	2 (simultaneous charging)

Input

Input rating	480V AC ±10%, 3-phase (3P, PE)
Input current	approx. 77A / 102A
Frequency	60Hz
Power factor	0.99 (full scale)
Max efficiency	95% or higher

User Interface

Display	10" touchscreen
OS	Linux
Connectivity	LAN, 4G
Communication protocol	OCPP 1.6J, ISO 15118
User authentication	RFID & credit card
Software update	OTA

Chassis & Certification

Dimensions (W×H×D)	24" x 35" x 10"
Operating temperature	-22°F to 122°F (-30°C to 50°C)
Environmental rating	NEMA 3R / IP44
Certification	NRTL
